

Crowborough Business Matters

First Edition

Summer 2002

This is the first Newsletter issued to all known businesses in Crowborough by

The Business Group
part of **The Crowborough Partnership.**

The Survey

The Business Opinion Survey is hand delivered with this Newsletter.

If you know of any business people who work from home or are located in the area immediately outside Crowborough who ought to have a copy, would you please make a note to that effect on your questionnaire? Alternatively, you can always ask them to contact either Penny Smith (Chairman of the Group) or Tony Slack. It is also intended to include a press notice in The Courier asking business people to contact the Business Group for a copy if they have not received one.

Plans are in hand to personally call to collect the completed questionnaire during late August or early September. Please will you leave it with one of your staff should you not be available? Completed forms will automatically qualify for entry in a draw for 3 bottles of champagne.

The next step will then be to let all the businesses that reply know the results of the survey using a Newsletter format later in the year. Decisions can then be made how best to address the main priorities for businesses.
